			<del></del>		
Reference	Project Title	Lead Institution	BBR call year	Total Value	Status
BB/F010370/1	A community resource for wheat functional genomics	University of Bristol	2006 (pilot)	£370,992.38	
BB/F010605/1	A modelling portal for the UK plant systems biology community	Aberystwyth University	2006 (pilot)	£346,960.51	
	An Integrated CATH Resource for the Postgenomic Era	University College London	2006 (pilot)	£816,262.89	Active
BB/F010591/1	An integrated informatics and resources platform for Reverse Genetics in dicots (RevGenUK)	John Innes Centre	2006 (pilot)	£852,489.29	Active
BB/F010516/1	BioModels Database: a Unified resource for Systems Biology models	EMBL - European Bioinformatics Institute	2006 (pilot)	£525,241.51	Active
BB/F010508/1	Embracing new technologies to streamline improve and sustain InterPro and its contributing databases	EMBL - European Bioinformatics Institute	2006 (pilot)	£985,813.21	Active
BB/F010397/1	FlyAtlas: a comprehensive online atlas of gene expression in Drosophila	University of Glasgow	2006 (pilot)	£271,095.71	Completed
BB/F010346/1	Support for the Protein Circular Dichroism Data Bank and the Dichroweb Analysis Server	Birkbeck College	2006 (pilot)	£677,358.18	Active
BB/F010486/1	The BioGRID Database: An Open International Resource for Biological Interactions	University of Edinburgh	2006 (pilot)	£930,620.83	Active
BB/F01046X/1	Web Services 4 Life Sciences: A Curated Catalogue of Life Science Web Services	The University of Manchester	2006 (pilot)	£569,794.79	Completed
BB/G022569/1	A Community Resource for the Prediction of Protein Structure: PHYRE	Imperial College London	2008	£311,004.21	Active
BB/G022747/1	Continued development of the ChEBI database and ontology for improved interoperability with biomedical resources	EMBL - European Bioinformatics Institute	2008	£542,326.33	Active
BB/G022607/1	Development of a web-based resource for the Macrophage Research Community	University of Edinburgh	2008	£312,979.92	Active
BB/G02264X/1	EMBOSS: European Molecular Biology Open Software Suite	EMBL - European Bioinformatics Institute	2008	£749,880.71	Completed
BB/G022674/1	Expanding the ComBase database and developing new tools for its modelling toolbox	Institute of Food Research	2008	£238,307.84	Active
BB/G022658/1	GridQTL+: High performance web-based genetic analyses for the biosciences	University of Edinburgh	2008	£593,278.19	Active
BB/G022623/1	miRBase: microRNA gene nomenclature sequences and targets	The University of Manchester	2008	£473,819.29	Active
BB/G022771/1	Support for the SUPERFAMILY protein domain resource.	University of Bristol	2008	£684,409.63	Active
BB/G022577/1	The Electron Microscopy Data Bank	EMBL - European Bioinformatics Institute	2008	£634,934.27	Active
BB/G022682/1	The Jalview Resource for Sequence Analysis and Annotation - www.jalview.org	University of Dundee	2008	£542,923.83	Active
BB/G022666/1	The Roslin Institute TSE Resource Centre	University of Edinburgh	2008	£282,751.77	Active
BB/G022755/1	VBO - A Tool for Bridging Vertebrate Anatomy Ontologies	EMBL - European Bioinformatics Institute	2008	£103,173.49	Completed
BB/I00095X/1	An Integrated Open Source Software Resource for Quantitative Proteomics	University of Liverpool	2009	£846,673.29	Active
BB/I001271/1	Arabidopsis.info	University of Nottingham	2009	£780,792.36	Active
BB/I001107/1	BioLayout Express3D: A Community Resource for the Network Visualisation and Analysis of Biological Data and Pathways	University of Edinburgh	2009	£348,540.84	Active
BB/I001042/1	CARMEN e-Science Portal	Newcastle University	2009	£906,536.42	Active
BB/I000755/1	Intuitive Large-scale Image Processing for Biologists	University of Dundee	2009	£562,462.36	Active
BB/I000933/1	MetaboLights: Creating the missing Metabolomics community resource	EMBL - European Bioinformatics Institute	2009	£863,381.90	Active
BB/I000917/1	Omics Data Sharing: the Investigation / Study / Assay (ISA) Infrastructure	NERC Centre for Ecology and Hydrology	2009	£1,016,726.29	Active
BB/I001077/1	PhytoPath: an integrated resource for comparative phytopathogen genomics	EMBL - European Bioinformatics Institute	2009	£711,838.35	Active
BB/I000607/1	Provision of TILLING resources and platforms in wheat.	Rothamsted Research	2009	£334,802.16	Active
BB/I00016X/1	The sRNA Workbench	University of East Anglia	2009	£334,572.19	Active
BB/I025956/1	A Functional Genomics Toolkit for the Wheat Pathogen Mycosphaerella graminicola	University of Exeter	2010	£867,091.49	Active
BB/I025751/1	Accessible Resource for Integrated Epigenomics Studies (ARIES)	University of Bristol	2010	£1,451,397.32	Active
BB/I02593X/1	An integrated variant calling pipeline for third-generation sequencing technologies	University of Oxford	2010	£626,048.00	Initiating
BB/I02612X/1	Building a global metagenomics portal ("MGportal") to handle next-generation sequencing data and associated metadata	EMBL - European Bioinformatics Institute	2010	£1,080,698.71	Active
BB/I025328/1	Ensembl and enabling genetics and genomics research in farmed animal species	University of Edinburgh	2010	£834,014.11	Initiating
BB/I026014/1	Further development of the PSIPRED server into an integrated tool for systems biology and functional genomics researchers	University College London	2010	£302,891.58	Active
BB/I025050/1	GENOME-3D: a UK network providing structure-based annotations for genotype to phenotype studies	University College London	2010	£633,407.77	Active
BB/I025891/1	RevGenUK, the next generation: establishing a TILLING boutique for a UK-based reverse genetics community resource.	John Innes Centre	2010	£796,122.45	Initiating
